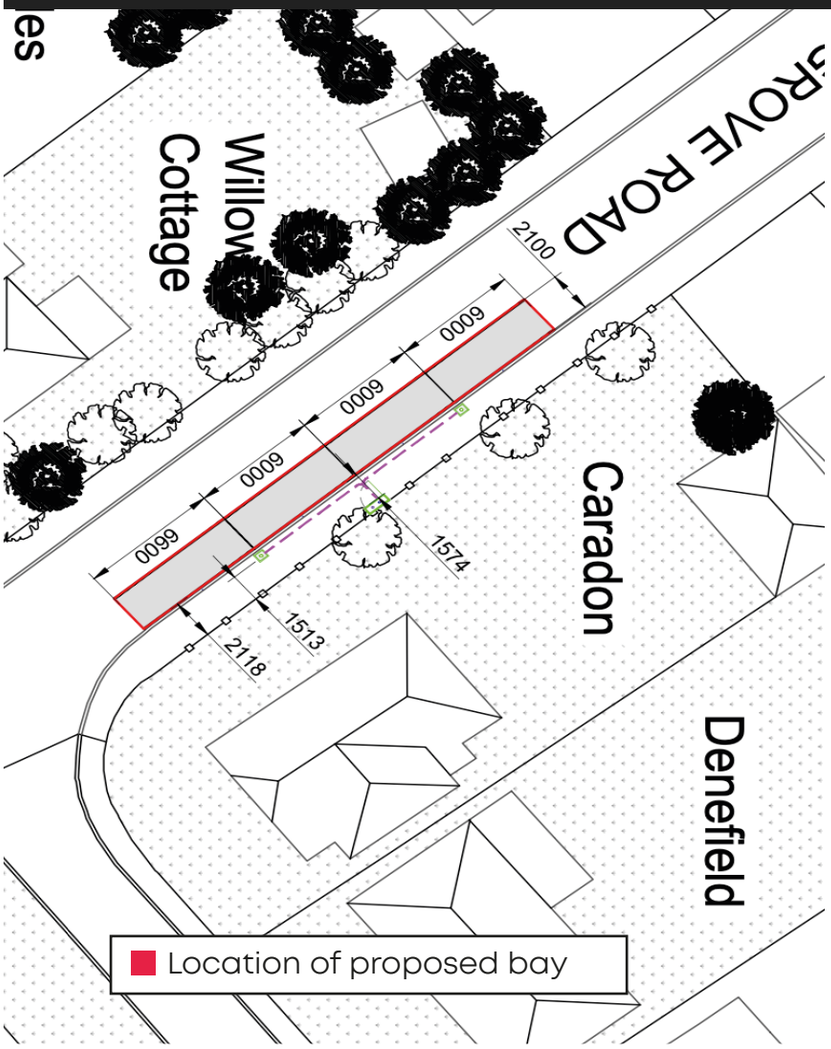
Connected Kerb

Important information about new electric vehicle chargepoints on your street.

On behalf of Surrey County Council, we would like to notify you about proposals to install electric vehicle chargepoints on your street.

The parking bays will remain available for all types of vehicles to use for the time being. Any changes to parking restrictions on your road will go through the standard legal consultation process.

The below site drawing shows a proposed location where the chargepoints will be installed.



Help us plan a network that works for you

Please submit your views & comments online by scanning the QR code or visit: https://scnv.io/evcpconsultation before **5 May 2025**.

If you are unable to give feedback online, please call our customer care team on **03456 009 009**, email contact.centre@surreycc.gov.uk, SMS **078600 53465**, or Textphone **18001 03456 009 009** via text relay.

To find out more about the current proposed locations of chargepoints, please scan the QR code or visit: www.connectedkerb.com/surrey.
